KNOWSLEY HOUSING TRUST (KHT)

CDP Print Management worked with KHT (Knowsley Housing Trust) part of the First Ark Group, to produce their newsletter, which goes out to their tenants three times a year.

“We have developed a good working relationship with CDP, and have been working with them for the past six years now. I would say they feel more like colleagues rather than an external supplier. The newsletters that we produce have tight budget constraints, so CDP were able to offer advice and source different postage and mailing methods in order to save on costs.”
