December 2016

PROCUREMENT FOR HOUSING FRAMEWORK (PFH)

CDP were appointed onto the Procurement for Housing Framework for the first time in 2010 as one of four choice suppliers, we won 1st place in 2013 and again won first place in 2016 - a confirmation from PFH that we are the best choice supplier to the Housing Sector.

“Our mission is to support those working in the housing sector to get the very best quality at the very best price, in as stress-free a way as possible. To be named as the no 1 provider in a category means that every aspect of the supplier’s performance and price has been scrutinised and we would like to congratulate CDP for coming top of their class.”
