CASE STUDIES

December 2016

PLUS DANE

Housing Association Plus Dane, has worked with CDP for over 10 years, developing a successful working partnership. They have been instrumental in providing cost saving advice for a rent mailing, which was recently sent out to their tenants.

“Their knowledge and expertise has been extremely useful, as when we produced the rent increase mailing, they sought to advise us on not using personalisation in order to save costs. A number of our team have worked with CDP on various pieces of work, and personally I couldn’t recommend them highly enough.”
